

MAN Diesel & Turbo has a vacancy in Dubai in the Sales department for the earliest start date

Team Leader (Internal)

We are looking for a team leader for our Spare Parts Sales department in MAN Diesel & Turbo PrimeServ in Dubai. As a team leader you will provide direction and guidance to your team of Technical Sales engineers and Sales Coordinators. The purpose is to achieve goals set by management.

You will work within the team and secure the necessary prioritization of the team effort. As an effective team leader you will know the strengths and weaknesses of the team members and what motivates them as a group and individually. This position is a newly established due to an extension of the organization.

Tasks

- Managing the flow of day-to-day operations and making adjustments when necessary
- You ensure a successful onboarding and training of new employees
- Support the strategy set by MAN | PrimeServ Management team
- Effectively developing and implementing processes in the department
- As a team leader you put a great effort into motivating your team of Technical Sales Engineers and Sales Coordinators
- Conducting the yearly appraisal
- You are responsible for effectively communicating management decisions to your Sales Engineers and Sales Coordinators
- Identifying key tasks and prioritizing them in terms of their value for MAN | PrimeServ

Qualifications

- The ideal candidate has a technical background as Engineer or Mechanical Engineer
- You have probably several years of working experience with leadership, where you have gained the skills required for being a successful leader. Management training is likewise a plus
- It is an advantage but not a requirement if you have experience within sales and have worked within the maritime industry
- Ability to motivate and develop your team
- You thrive in a busy working environment and support knowledge sharing as a key to success
- You must have excellent English skills both orally and in written
You acknowledge that your ability in handling people is your greatest asset to ensure that your team succeed
- You know what it takes to work across a matrix organization

MAN Diesel & Turbo is the world's leading provider of large-bore diesel engines and turbomachinery for marine and stationary applications. It designs two-stroke and four-stroke engines, gas and steam turbines as well as compressors.

The product range is rounded off by turbochargers, propellers, gas engines and chemical reactors. Customers receive worldwide after-sales services marketed under the MAN PrimeServ brand.

The company employs around 15,000 staff at more than 100 international sites, primarily in Germany, Denmark, France, Switzerland, the Czech Republic, India and China.

MAN Diesel & Turbo is a company in the Power Engineering business area of MAN SE.
